

## CHRISTMAS PROGRAMMES-2014

### SNAPSHOTS

The christmas programmes were held with great joy and wonder. God sending His Son to this world was a new insight gained and felt as saw Jesus exalted through all that was done.

#### HOPE HOSTEL:

Had its christmas programme on 15th Dec and all our Hostel Boys and Girls were excited and decorated the Boys Hostel(Girls do not have a hostel yet). Parents and elders were all gathered to see the children singing and enacting skits of Jesus. The message too came clear of who Jesus is. Then a special dinner was arranged and the children enjoyed themselves.

#### RAGHUNATH HALLI:

Had the message of christmas spoken for the first time. We took the children from our Muranpur village to enact the skit there and to sing songs . The crowd could not understand why we were taking so much trouble to go to their village to do all that. But we were glad they could see something of christmas and also hear the message of God sending His son into this world because He loved us so much. We also distributed gifts and gave some eatables.

#### JAGIR VENKATAPUR:

Was another village hearing the christmas message for the first time. They have thus far lived their lives recklessly and in idol worship. But now they know Jesus loves them and cares for them . The christmas message too was clear. After the songs and dance and skit we distributed gifts to children and also gave eatables.

#### MURANPUR VILLAGE:

Witnessed the CHRISTMAS message through songs and children enacting skits and dance. The parents were overjoyed to see their children participating in items. The ancestral home which was painted had been lighted up and the whole programme took place in front of it. Later a special Dinner was given to all -- children and adults. Everybody sat in lines in front of the house and had their dinner to the full.

## ST. PETER'S HIGH SCHOOL:

This programme was held on 23rd Dec. In the morning we gave a CHRISTMAS PARTY to all the school children special eatables were packed in plastic bags and given to each child and also a cup of cool drink. Children thoroughly enjoyed this special favour shown to them. Then they all received gifts too. In the evening they alongwith the parents and wellwishers gathered at the well decorated and lighted school campus .Many exceptionally good items of dance and songs were a hallmark of the day. Some dances were of Indian classical type. Little tiny-tots danced so well The heads of school gave their reports for the year in English. Parents were very excited to hear of the progress made in the past year. Thee message of Jesus coming down to lift humanity and to redeem them came out clear. One parent and a high caste Hindu came and told us "What we could not do, you have done by bring KNOWLEDGE and LIGHT to our children". These children would have remained in darkness if the light of Christ had not reached this village.

The message has gone and is doing its work in the lives of people. Please pray that lives will be transformed.

Shadrach and Gladys.
